

VOLVO PIPELAYERS

**UNRIVALED SAFETY,
IMPROVED
PRODUCTIVITY,
EXTREME VERSATILITY,
PIPELAYER SUPREMACY!**

Volvo's revolutionary excavator-based rotating pipelayers deliver a competitive edge in the most demanding conditions. Featuring 360° swing capability for unlimited pipe placement options, you'll discover more opportunities with Volvo.

Superior lifting capacity and stability make Volvo's pipelayers the most productive and safe machines for the job. With a 51 ton tipping capacity, the PL3005D handles large, heavy pipe with ease. *90 ton tipping capacity for the PL4809D.
